<b>Accumersiel</b>	28		
<b>Borkum</b>	61		

**5.13 THE NETHERLANDS**

**5.13.1 Coast Guard communications**

The national SAR agency is:

SAR Commission Maritime, Ministry of Infrastructure and the Environment, PO Box 5807, 2280 HV The Hague, The Netherlands.

The Netherlands CG at Den Helder, co-located with the Navy HQ, co-ordinates SAR operations as the Dutch JRCC for A1 and A2 Sea Areas. (JRCC = Joint Rescue Coordination Centre – marine & aeronautical.) Callsign is *Netherlands Coast Guard*, but *Den Helder Rescue* during SAR operations.

The JRCC keeps a listening watch H24 on DSC Ch 70, and MF DSC 2187.5 kHz (but not on 2182 kHz); MMSI 002442000.

Coast Guard Operations can be contacted H24 via:

**Emergency and Operations telephone number:**

☎+31 223 542300 📠+31 223 658358 ccc@kustwacht.nl

**Admin/info (HO):**

☎+31 223 658300 📠+31 223 658303 info@kustwacht.nl www.kustwacht.nl PO Box 10.000/ MPC 10A, 1780 CA Den Helder.

Remote CG stations are shown on Fig 5(6). Working channels are VHF 23 and 83.

**5.13.2 Medical advice**

Call initially on Ch 16, DSC Ch 70 or 2187.5 kHz (MMSI 002442000). Working chans are VHF Ch 23 & 83 or MF 2824 kHz (transmit), 2520 kHz (receive).

**5.13.3 SAR resources**

The Dutch Lifeboat Ass'n (KNRM) manages 45 all-weather lifeboat stations and 13 inshore lifeboat stations along the coast. The 75 lifeboats include 13m LOA water-jet, rigid inflatables capable of 36kn. Helicopters, fixed wing aircraft and ships of the RNN can be called upon; also Air Force helicopters at Leeuwarden. The area of activity extends across the Dutch Continental Shelf and into the Waddenzee, IJsselmeer and estuaries of Zuid Holland and Zeeland.
