### *Superb Performance, in grand comfort.*

The newest yacht of ETAP will surprise you with a unique combination of outstanding sailing performance and extraordinary comfort, both on deck and in the beautifully crafted interior.

The whole deck and cockpit seats are covered with teak wood and foldable cleats come as standard. An easy to trim 7/8 fractional rig with a large sail area and a partially battened mainsail with integrated cover that can be reefed entirely from the cockpit guarantees a high speed potential.

Below deck, a stylish and exclusive interior awaits you, light and airy thanks to the panoramic window and a uniquely generous space. The finish in oak wood veneer in combination with light coloured Alcantara behind the seats and in the forward cabin, Italian style tap and a high quality upholstery gives this yacht an exclusive look.
